GLSCC – Hardship Policy

- Great Lakes Sports Concussion Clinic aims to provide comprehensive concussion care to the community's college and high school students. GLSCC focus does not limit us from providing services to other patients.
- Generally, patients without insurance coverage, or Medicaid coverage, are referred to community health centers. Considering the level of comprehensive care GLSCC has the ability to provide, the lack of similar services nearby, and our aim of providing these services to student athletes, we will be accepting patients lacking the coverage or means to pay for these services.
- College and high school students who do not have insurance coverage, or only have Medicaid coverage must complete the hardship form, and if they qualify the following rates will be used for those patients.

GLSCC Concussion Patients

First visit with either doctor

- \$125.00

Follow up visits

- \$75.00 per visit

GLSCC Non-Concussion Patients

First visit with either doctor

- \$125.00

Follow up visits

- \$75.00 per visit

*There will be an additional charge for the cost of medical supplies that may be used.

By signing below, I confirm I have read this Hardship Policy. I further agree that I understand and accept the terms of the Hardship Policy outlined in this agreement.
